08148280097, 09076249114

SUMMARY

A versatile professional with a robust background in technical and soft skills and experience in education, research, and technology. Notably, I contributed to teaching innovations that enhanced student engagement, research into antibiotic-resistant bacteria, and a 10% sales increase in the pharmaceutical sector. My recent work as a Frontend Developer Intern and professional certifications in AI and software development showcase my commitment to continuous learning and development.
